

**Sheridan Animal Hospital is proud to announce the addition of Kira DesJardins, DVM to our staff.**

Dr. DesJardins will be starting in August 2015.

Kira grew up in the Southtowns and is proud to call Western New York home. After attending Orchard Park High School, she graduated cum laude from Hamilton College in 2010 with a major in biology and a minor in art. In 2014, she fulfilled her life-long dream of becoming a veterinarian and graduated with distinction from the Ontario Veterinary College in Guelph, Ontario.

In the interest of becoming the best doctor she could be, she then completed an optional one-year rotating internship at a 24-hour emergency and specialty hospital in New York City. This experience allowed her to learn from amazingly talented specialists and hone her skills in many specialties, in order to provide the best care possible to her patients.

Kira loves general practice, as she has many varied interests, and looks forward to creating long-lasting relationships with our patients and clients.

She has always planned on coming back to Western New York to practice, so she is thrilled to be back home here in Buffalo!

Kira is a huge Bills fan and loves salsa dancing, running and photography. She and her boyfriend Justin share their home with their cat Foster, who has been with her since age 10, and is the reason she was inspired to become a veterinarian.
